There is great pleasure in making altered art, a new discipline for me. Suitcases, bags, purses, wooden boxes, shelves, cigar boxes and lately, shoes, are objects of fascination. I'm happiest when I'm up to my elbows in paint, ephemera, and assemblage materials.

I recently completed a series of altered boxes incorporating both familiar and newly acquired techniques. The constant stimulus of LA Experimental Artists workshops has pushed my boundaries offering new ways of seeing, new techniques to master.

Three-dimensional works will always intrigue me most but after a lifetime of fiber art, textiles and toy development I'm venturing into mixed media on canvas.
